San Diego County Water Authority Presentation:

Presentation Overview-

1. San Diego County Water Authority (SDCWA)
2. Coordination between SDCWA and land use planning agencies
3. 2000 Urban Water Management Plan

Sweetwater Authority Presentation:

The presentation provided general information on the agency's service area, water sources, river watershed, reservoirs, groundwater facilities and demineralization facility. Additionally, the presentation included historical background information on the agency and its formation. Discussion on outside influences, including urban development and urban runoff, led to information on the Urban Runoff Diversion System. The agency is currently focusing on solutions to water quality challenges.

Presenters from both agencies provided a packet of information that follows their presentation. A copy of the information packet is on file in the Department of Planning and Land Use and is available for public viewing.

Next Meeting- The next Interest Group meeting is tentatively scheduled for January 25th 1:30pm – 3:30pm. Further information regarding meeting confirmation location, and agenda will follow in the mail and/or by email. (Meeting subsequently cancelled on 1/17/01).
